# Intro

We introduce ourselves as a professional concern engaged in producing and exporting all kinds of Beauty-care Instruments. State-of-the-art facilities, modern equipment, systemized management and superior workmanship ensure all of our products are produced according to the international standards.

You will find us enjoying distinguished success and world-wide praise as our progress is continuously growing for the purpose of bringing our products more perfect and our markets more expanded.

## For Your Convenience:

- Most of the items are currently available almost in all finishes such as Polished, Satin (Dull), Sand Blast, Gold Plated (half, partially or full), Powder Coated, Titanium Coated. Please ask for your required finish that is not mentioned with any of the items given in this catalogue. **(Depends On Availability)**
- If you have your own specially developed instrument, please send it to us for considerations. We will try our level best to accommodate you by giving you the right stuff & price, **if possible.**
- We have our own **INHOUSE DESIGN STUDIOS** to work out on any of the projects for advertising purposes. You may get benefits from this section by making & sending us your own designs of any kind & for any purpose.
